Jersey Apartment

Join NJAA as we kickoff our Annual Conference & Expo and hear from the Women of the Multifamily Industry!

This year our opening session will focus on the women of the multifamily industry —particularly women who run and serve in leadership roles at multifamily owner and management companies.

NJAA's new President, Diana Penn will be serving on the panel along with an illustrious group of colleagues in the industry. These women are the gold standard when it comes to leading successful businesses in what has traditionally been a male dominated industry.

**Tuesday, May 23**

**12 Noon – 1:30 PM**

**Atlantic City  
Convention  
Center, Hall A**

**Be prepared to be inspired by their insights, observations, and thoughts on how the multifamily industry has changed, what's in store for the future, and how they rose to the top of the industry!**
